EVO2

DALLA
CORTE

A RE-DESIGN OF DALLA CORTE'S GROUND BREAKING EVOLUTION SERIES, THE EVO2 FEATURES THE SAME DTCS INDEPENDENT MULTI-BOILER SYSTEM, BUT WITH A NEW OUTER DESIGN AND ONBOARD DIGITAL CONTROL SYSTEM.

FEATURES

The DTCS Multi-boiler system gives the DC EVO2 a temperature stability of 0.3* Celcius.

Simple Construction - Machine can be accessed for service by removing only 4 screws.

Each group head can have its temperature set independently.

Thermally Insulated - No heat is lost at any point of the heating to extraction process.

Multi-functional LCD Panel - Gives the Barista immediate control over the machine parameters for extraction.

Digital Alarms System - Faults are digitally recorded by the machine so there is no guesswork by the technician.

The DC EVO2 is up to 42% more energy efficient than a E61 system. Through its multi-boiler system energy is only used as is precisely needed. Brewing units can be individually turned of when not needed.

Variety of Finishes - The DC EVO2 comes in 4 standard finishes - Black, White, Aluminium and Amber Red Side panels - and also in a high chassis model.

Ergonomic Design - Group is visible and low laying, Steam wands feature half-twist, and handle is shaped for ease in repetitive use.

Through a patented boiler design and PID controlled element the system can hold this stability in super high volume periods with ease.

SPECS

| | | 2 GROUPS | 3 GROUPS |
|----------------------------------|----|-----------------|-----------------|
| DIMENSIONS (L X H X T) | MM | 730 X 510 X 560 | 940 X 510 X 560 |
| WEIGHT | KG | 67 | 83 |
| POWER CONSUMPTION (24H-STAND-BY) | KW | 7.9 | 11.3 |
| CONNECTED LOAD | | 230V/1PH/25AMP | 230V/1PH/32AMP |
| BOILER CAPACITY | L | 7.5 | 13 |
| CAPACITY OF GROUP HEADS | L | 0.5 | 0.5 |
| SERIAL CONNECTION | | RS 485 | RS 485 |
| CONTINUOUS WATER CONNECTION | | 3/8" WITH TAP | 3/8" WITH TAP |
| WASTE CONNECTION | | WITHIN 1M | WITHIN 1M |

2 & 3 GROUP HIGH CHASSIS MODELS ALSO AVAILABLE.
